Acknowledging the land where we gather

We would like to acknowledge the traditional territories and oral practices of the Blackfoot Nations, which includes the Siksika, the Piikani, and the Kainai. We also acknowledge the Tsuut'ina and Stoney Nakoda First Nations, the Métis Nation (Region 3), and all people who make their homes in the Treaty 7 region of Southern Alberta.

Why a Plan is Needed

- Construction progress on three new schools in Auburn Bay and Mahogany currently indicates the possibility of an opening in September 2022. We hope to confirm the opening date shortly.
- In the event a September 2022 opening is possible, a plan has been developed that will allow many students to attend school closer to home.
- This plan will require an adjustment of boundaries and designations for Auburn Bay, Seton and Mahogany families.

Rationale for This Plan

Addresses key CBE planning principles:

- Allows students to attend school closer to home.
- Provides program continuity from kindergarten to Grade 12.
- Provides equitable access for all students to quality learning environments and choice of programs.
- Uses space and resources effectively.

Community Stats

Auburn Bay

- Is considered fully built out and has an estimated population of 18,600 - 18,900 people.
- Has three CBE school sites (Auburn Bay School, elementary school # 2 and a middle school).

- Planned for an estimated population of 28,300-30,400 but pace of development has been slow.

Seton

- Is only 5 per cent built out with a population of 1,134 in 2019.
- Planned for an estimated population of 20,500 to 21,700 persons.

Next Steps

- Nov. 30 – Dec. 7: Idea boards are open and answers are posted. There will be three boards, one for each community: Auburn Bay, Mahogany and Seton.
- By Dec. 15: Decision is communicated to affected communities

Questions So Far

Can we open the Auburn Bay middle school with Grade 9?

Traditionally new middle schools open without Grade 9 to allow current Grade 8 students to finish at their current school. However, this is something we may be able to consider.

Please post your thoughts about this on the idea boards.

Can my Seton Grade 8 student move to Dr. George Stanley for Grade 9?

This is something we could consider. Please post your feedback to the idea boards.

Questions So Far

We live in Mahogany and my child is in Riverbend School for Grade 5 or Grade 6, how will they be designated next year?

Students will be automatically enrolled in the new Auburn Bay middle school for Grades 6 and 7 for the 2022-2023 school year.

My child is currently attending (Andrew Sibbald / Nickle / Riverbend / Sherwood), can they continue attending at this school?

Students will automatically be enrolled at their new school based on the new designations. There may be exceptional circumstances that a parent would need to share with the school principal to determine best placement for that student.

Questions So Far

We are currently attending a different school / school district but are interested in attending a school in (Mahogany / Auburn Bay / Cranston) where and when can we register?

Registration for the 2022-2023 school year will open on January 17, 2022, at which point parents may register their child(ren).

Registration and admission to CBE schools is governed by the [Education Act](#) and [Administrative Regulation 6090 | Child and Student Registration and Admission](#).
